Suite 450
Orlando, FL 32801

Dear Jay Myers Team:

I've had the pleasure of working with your team of professionals concerning the leasing of my property for the last several years. I have truly received outstanding service from your agents and The Jay Myers Team as a whole. The agents I have worked with were all experienced, hardworking, responsive and particularly professional. Your business truly has a customer-centric approach and you always go the extra mile to get my property leased.

I have recommended your services to several of my closest friends and they were all delighted with the results. I will continue to recommend and personally use your services for many years to come. I look forward to working with you again in the future, keep up the great work!!

Best Regards,

Juan Garrido
